Big Catch Photo Contest

Submit your photos to us for a chance to win a Yeti cooler.

Here's how the contest works:

The photo with the most combined likes on Facebook and Instagram wins! All pictures must be received by June 22, 2016 to be entered into this contest. Contest begins June 25, 2016 and ends July 25, 2016. Winners will be announced on Facebook, Instagram and our website on July 29, 2016. Contest is for BTB members only. You can register on our website for free. One entry per BTB member please. Must be a recent picture from 2016.

There are 4 ways to enter the contest:

1. Post the picture with the member's name to our Facebook at www.facebook.com/beyondthebackyard
2. Post the picture with the member's name to Instagram and tag us @beyondthebackyard
3. Send the picture along with the member's name through our website at www.beyondthebackyard.org
4. E-mail the picture and member's name to tbartlett@beyondthebackyard.org

Do you have a picture of your latest catch that you're really proud of and want to show it off?

Keep safety in mind during all of your summer activities!

Swimming Safety Tips

Swimming is the most popular summer activity. We've collected the best safety tips around to help you ensure that your summertime is free of accidents and injuries.

- Swim in designated areas supervised by lifeguards
- Always swim with a buddy; do not allow anyone to swim alone. Even at a public pool or a lifeguarded beach, use the buddy system!
- Ensure that everyone in the family learns to swim well by enrolling them in age-appropriate water orientation and swimming courses
- Never leave a young child unattended near water and do not trust a child's life to another child; always ask permission to go near water
- Have young children or inexperienced swimmers wear U.S. Coast Guard-approved life jackets around water, but do not rely on life jackets alone
- Establish rules for your family and enforce them without fail. For example, set limits based on each person's ability, do not let anyone play around drains and suction fittings and do not allow swimmers to hyperventilate before swimming under water or have breath-holding contests.
- Even if you do not plan on swimming, be cautious around natural bodies of water including ocean shorelines, rivers and lakes. Cold temperatures, currents and underwater hazards can make a fall into these bodies of water dangerous.
- If you go boating, wear a life jacket!
